

# Solar Thermal Training

## AGENDA

- 09.00 *Coffee and registration*
- 09.15 Welcome Address
- 09.30 Introduction to solar thermal basics
- 10.00 Is solar for my project? Examines the feasibility and grant availability of solar thermal for different applications
- 10.30 Coffee
- 10.50 Installing Solar thermal into new builds
- 11.30 Installing solar thermal into existing installations
- 12.10 Integrating solar thermal with other building services
- 12.30 Lunch
- 13.15 Basic design methods to select solar thermal system type and hot water system type
- 14.00 Workshop project(s) based on simple design
- 15.00 Tea
- 15.20 How to specify systems
- 15.50 How to get further information and/or training
- 16.15 Q&A and close
- 16.45 End of Day
